MAXDOCK™

APPLICATIONS

- LOADING DOCKS
- FREQUENT IMPACTED OPENINGS
- MANUFACTURING
- INDUSTRIAL
- CORROSIVE ENVIRONMENTS

BREAKAWAY

PerforMax rubber doors come standard sizes to suit any commercial application.

Our breakaway system allows the door to break free from the track if heavily impacted – allowing the PerforMax Rubber Door to be installed in high impact, high traffic areas without compromising security! The continuous curtain creates a thermal barrier that is unparalleled. No Hinges, cables, or pulleys means there is no required maintenance! Reliability across a wide variety of temperatures (from -40 F to +180 F)

- IMPACTABLE DESIGN
- FULL BREAKAWAY BOTTOM BAR WITH RUBBER ASTRAGAL
- GALVANIZED GUIDES AND BOTTOM BAR

- MANUAL CHAIN HOIST
- OPTIONAL ELECTRIC OPERATOR

- HIGH SECURITY ; DUAL PLY FIBER REINFORCED CURTAIN
- CORROSION PROOF
- EXCELLENT THERMAL QUALITIES
